

Criminal Record Check

(some basic instructions)

- If you want **David Blatz** to deliver and pick up your criminal record check, you need to photocopy two pieces of identification:
 1. Either your *driver's licence* or *passport*
Plus
 2. Either your *health card* or *birth certificate* or *treaty card*
- If you are bringing your criminal record check to the police station **yourself** and picking it up **yourself**, you will need to bring with you the two pieces of identification listed above.
- In each church I will include with the CRC forms, a **filled out Criminal Record Check** which you can use to help complete your own form. (government forms can be so confusing)
- If you are required to have **your fingerprints done** (like me), you will receive a recorded phone message to let you know. This takes longer and therefore it is good to send in your forms early.
****you have to pick up these forms yourself***
